Clarification of trading Alert List

Subject

Clarification of Trading Alert List

Refers to the queries from The Stock Exchange of Thailand, regarding the substantial change in the price and volume of the shares of the SYMPHONY COMMUNICATION PUBLIC COMPANY LIMITED (SYMC) . To ensure a fair, orderly and transparent market,The company would like to clarify that

1. Is there any development or material information that is still in process of consideration and may disclose to the Stock Exchange of Thailand in the near future, for example, capital increase, joint venture, acquisition or disposition of assets or significant dispute which may effect an unusual trading pattern. [\(Update\)](#)

The company's business needs to expand in order to keep up with the highly competitive Telecom Network industry and in order to support changes in consumer behavior. As a result, the company has to prepare a business plan as well as a funding plan from various sources such as financial and capital markets, including finding additional business partners. The company has been considering these approaches on a regular basis and has been in discussions and negotiations with banks and interested business partners, but still has an uncertainty. The company will promptly, or at the latest by the end of the first quarter of 2017, notify the Stock Exchange upon any clear progress of such efforts.

2. Are you aware of any other possible explanation for the trading? [\(Update\)](#)

Another possible factor that the company thinks may cause the change in trading is that, earlier this week, there have been news reports about the invitation to tender for the government's community internet project for the construction of a high-speed internet network through fiber optic cables (FTTx) with an initial project value of approximately THB 15,000 million. The news included the company name as one of the parties interested in participating in the aforementioned government community internet project.
